New Boom Grease

*** BOOM GREASE PLUS ***

Dear Business Partner,

We are proud to present this new generation, high density boom sliding surface lubricant.

- With our latest lubricant solution, called **Boom Grease Plus**, we have nearly doubled the viscosity, while maintaining exceptional performance in all temperatures.
- Long lasting, weather resistant and with tested reliability, this product further reduces wear and prevents stick-slip in all weather conditions.
- Perfectly miscible with our previous boom grease. No cleaning out of systems or washing off from boom surfaces necessary.
- The only boom grease product specified and approved by Grove Engineering Design and packaged specifically for Manitowoc.

Available in four sizes:

04299657	(replaces: 02314184)	400gr. Cartridge
04299656	(replaces: 03329071)	400gr. Cartridge (for spray gun)
04299654	(replaces: 01373458)	10kg Bucket
04299655	(replaces: 02314698)	25kg Bucket

If you have any questions or concerns, please contact Grove Product Support.
